| III.A. Eligibility Criteria  
Each fellow must successfully complete an ACGME-accredited specialty program and/or meet other eligibility criteria as specified by the Review Committee. The program must document that each fellow has met the eligibility criteria.  
III.A.1. The program must document that each fellow has met the eligibility criteria.  
III.A.2. Prior to appointment in the program, fellows must have one of the following: successful completion of two years of a pathology residency accredited by the ACGME or a program located in Canada and accredited by the Royal College of Physicians and Surgeons of Canada (RCPSC); certification by the ABP in anatomic pathology and clinical pathology, in anatomic pathology, or in neurology or neurological surgery by a member board of the American Board of Medical Specialties (ABMS).  
III.A.2.a) Fellows who are certified in neurology or neurological surgery must have completed only one year of an ACGME-accredited anatomic pathology program, or an anatomic pathology program located in Canada and accredited by the RCPSC. | III.A. Eligibility Criteria  
Each fellow must successfully complete an ACGME-accredited specialty program and/or meet other eligibility criteria as specified by the Review Committee.  
III.A.1. The program must document that each fellow has met the eligibility criteria.  
III.A.2. III.A.2.a) Fellows who are certified in neurology or neurological surgery must have completed only one year of an ACGME-accredited anatomic pathology program, or an anatomic pathology program located in Canada and accredited by the RCPSC. | III.A. Eligibility Requirements – Fellowship Programs  
All required clinical education for entry into ACGME-accredited fellowship programs must be completed in an ACGME-accredited residency program, or in an RCPSC-accredited or CFPC-accredited residency program located in Canada.  
III.A.1. Fellowship programs must receive verification of each entering fellow's level of competency in the required field using ACGME or CanMEDS Milestones assessments from the core residency program.  
III.A.2. Fellow Eligibility Exception  
A Review Committee may grant the following exception to the fellowship eligibility requirements:  
An ACGME-accredited fellowship program may accept an exceptionally qualified applicant**, who does not satisfy the eligibility requirements listed in Sections III.A. and III.A.1., but who does meet all of the following additional qualifications and conditions:  
III.A.2.a) Assessment by the program director and fellowship selection committee of the applicant’s suitability to enter the program, based on prior training and review of the summative evaluations of training in the core specialty; and  
III.A.2.b) Review and approval of the applicant's exceptional qualifications by the GMEC or a |
