Specialty	ADS Instructions
	<p>Continued Accreditation programs: A CV is only required for the program director.</p> <p>New Applications and Initial Accreditation programs: A CV is required for the program director and each active physician faculty member that has been designated as a "Core" faculty member on your roster.</p>
131 – Medical Biochemical Genetics	<p>List alphabetically and by site all physician faculty who devote at least 10 hours a week to fellow education.</p> <p>Continued Accreditation Programs: A CV is required for the program director.</p> <p>New Applications and Initial Accreditation Programs: A CV is required for the program director and each active physician faculty member on your roster.</p>
136 – Clinical Informatics (Medical Genetics)	<p>List alphabetically and by site all physician faculty who devote at least 10 hours a week to fellow education.</p> <p>Continued Accreditation Programs: A CV is required for the program director.</p> <p>New Applications and Initial Accreditation Programs: A CV is required for the program director and each active physician faculty member on your roster.</p>
139 – Clinical Informatics (Internal Medicine)	<p>List alphabetically and by site the physician faculty to include the following a minimum of three key clinical faculty, including the program director, who devote at least 10 hours per week to fellow education. If the program is approved for more than five positions, list additional faculty if required based on the requirement for a minimum faculty to fellow ratio of 1:1.5.</p> <p>Continued Accreditation Programs: A CV is required for the program director.</p> <p>New Applications and Initial Accreditation Programs: A CV is required for the program director and each active physician faculty member on your roster.</p>
140 – Internal Medicine	<p>List in the following order: program director, program chair, associate program director(s), and all core physician faculty members (all core physician faculty must be listed in alphabetical order by institution). Use the 'title' field in the roster to identify the faculty member's role in the program (e.g., program director, associate program director, etc.).</p>

Specialty	ADS Instructions
	<p>Core physician faculty for internal medicine programs must:</p> <ul style="list-style-type: none"> • be ABIM certified internists who are clinically active, either in direct patient care or in the supervision of patient care; • dedicate an average of 15 hours per week throughout the year to residency training; • be trained in the evaluation and assessment of the competencies; • spend significant time in the evaluation of the residents including direct observation of residents with patients; and • advise residents with respect to their career and educational goals (Program Requirement II.C.3.a-e). <p>In ADS, all physician faculty members who devote at least 15 hours per week to resident education and administration will be automatically designated as core physician faculty. This designation allows ACGME to easily identify the physician faculty members who devote a significant amount of time to resident education across all specialties. However, it is important to note that the Residency Review Committee for Internal Medicine (RRC-IM) does not consider the program director and associate program directors in its definition of core physician faculty (Program Requirement II.C.3).</p> <p>The number of associate program directors required by the RRC-IM is program size dependent (Program Requirement I.A.2.e).</p> <p>The table below indicates the minimum number of associate program directors required for approved resident complements of 24 or greater.</p> <p># of Residents = # of APDs: 24-40 residents = 1 APD 41-79 residents = 2 APDs 80-119 residents = 3 APDs 120-159 residents = 4 APDs >159 residents = 5 APDs</p> <p>The number of core physician faculty required by the RRC-IM is program size dependent (Program Requirement I.A.2.g). The table below indicates the minimum required core</p>

Specialty	ADS Instructions
	<p>faculty to resident ratio (excluding the program director and associate program directors) based on the program's approved resident complement.</p> <p># of Residents = # of Core Faculty: <60 residents = 4 Core Faculty 60-75 residents = 5 Core Faculty 76-90 residents = 6 Core Faculty 91-105 residents = 7 Core Faculty 106-120 residents = 8 Core Faculty 121-135 residents = 9 Core Faculty 136-150 residents = 10 Core Faculty 151-165 residents = 11 Core Faculty 166-180 residents = 12 Core Faculty >180 residents = 13 Core Faculty</p> <p>Continued Accreditation programs: A CV is only required for the program director.</p> <p>New Applications and Initial Accreditation programs: A CV is required for the program director and each active physician faculty member that has been designated as a "Core" faculty member on your roster.</p> <p>Physician faculty members who function as both a core faculty member and a subspecialty education coordinator should be included in this table.</p> <p>For more information on the RRC-IM's expectations of core physician faculty who serve as competency evaluators, please review the FAQ document on the Committee's webpage.</p>
141 – Cardiovascular Disease	<p>List alphabetically and by site the physician faculty to include the following: a minimum of four key clinical faculty, including the program director, who devote at least 10 hours per week to fellow education. If the program is approved for more than six fellows, list the faculty that meet the requirement for a key clinical faculty to fellow ratio of 1:1.5.</p> <p>Continued Accreditation Programs: A CV is required for the program director.</p>

Specialty	ADS Instructions
	New Applications and Initial Accreditation Programs: A CV is required for the program director and each active physician faculty member on your roster.
142 – Critical Care Medicine	<p>List alphabetically and by site the physician faculty to include the following: a minimum of two key clinical faculty, including the program director, who devote at least 10 hours per week to fellow education. If the program is approved for more than three fellows, list the faculty that meet the requirement for one additional key clinical faculty for each additional fellow.</p> <p>Continued Accreditation Programs: A CV is required for the program director.</p> <p>New Applications and Initial Accreditation Programs: A CV is required for the program director and each active physician faculty member on your roster.</p>
143 – Endocrinology, Diabetes, and Metabolism	<p>List alphabetically and by site the physician faculty to include the following: a minimum of three key clinical faculty, including the program director, who devote at least 10 hours per week to fellow education. If the program is approved for more than five positions, list additional faculty if required based on the requirement for a minimum faculty to fellow ratio of 1:1.5.</p> <p>Continued Accreditation Programs: A CV is required for the program director.</p> <p>New Applications and Initial Accreditation Programs: A CV is required for the program director and each active physician faculty member on your roster.</p>
144 - Gastroenterology	<p>List alphabetically and by site the physician faculty to include the following: a minimum of four key clinical faculty, including the program director, who devote at least 10 hours per week to fellow education.
