Teaching Assistant

- Original RC Proposal: Permit a specified number of TA cases to count toward the TOTAL minimum number of cases for specific categories specifically to start in Obstetrics

- The RC plans to revisit this topic after obtaining a few years worth of data on the impact of moving to minimum number thresholds.
Unbundling

- Hysterectomy and BSO **CAN** be unbundled
- LAVH- unbundled into Operative Laparoscopy and Vaginal Hysterectomy
- ISPF unbundled in accordance with current policy
- Laparoscopic procedures **should not** be unbundled; only the resident completing more than 50% of the procedure should count him/herself as the Surgeon
- Hysterectomy procedures **should not** be unbundled only the resident completing more than 50% of the procedure should count him/herself as the Surgeon
