Materials for review (progress reports, complement requests, reports of site visits) need to be received at least 8 weeks prior to a given meeting

New Members (as of 2007):

Diane M. Hartmann, MD, University of Rochester, Rochester, New York

Roger P. Smith, MD, University of Missouri Kansas City – Truman Medical Center, Kansas City, Missouri

George D. Wendel, Jr., MD, University of Texas Southwestern, Dallas, Texas

Resident Case Logs:

A reminder: The case log reports for the 2006-2007 academic year will be available in ADS this fall, probably in October, and we will notify program directors and coordinators by e-mail once they are ready.

The RRC has formed a subcommittee to evaluate the categories for the Case Log System and their respective CPT codes. Once the RRC makes these decisions, the system will be updated this fall to reflect any changes and updated mappings. Also, we will eliminate the uro/gyn dropdown at that time.

Once the system has been updated, we will make an FAQ/ User Manual available that has more information on how to enter data specifically for ob-gyn.
