Question	Answer
Duty Hours	
Does the Review Committee limit the maximum number of consecutive weeks of night float? <i>[Program Requirement: VI.G.6.]</i>	No. However, during an accreditation review, the Review Committee will determine whether fellows on night float are able to take advantage of educational sessions and other opportunities offered during regular daytime hours. If the Committee determines that fellows derive little benefit from night float or are not able to participate in other educational sessions as a result of night call responsibilities, the program may be cited for inadequate educational experience on the respective rotation.
