Question	Answer
Duty Hours	
<p>Can R1 and R2 residents be supervised by any licensed allied health professionals?</p> <p><i>[Program Requirement: PR.VI.D.1.]</i></p>	<p>R1 and R2 residents and all rotating residents (e.g., family medicine residents) may be supervised by licensed allied health professionals who are listed as faculty provided that:</p> <ul style="list-style-type: none"> • the clinical care is within their scope of practice expertise; • the level of clinical care is low risk; • physician faculty members are available by telephone; and, • the program director has approved the supervision with respect to the educational experience. <p>Additionally, R3 and R4 residents must be supervised by physician faculty members, and allied health professionals cannot substitute for physician faculty members to meet the 24-hour requirement for on-site supervision of resident care.</p>
<p>Who should be included in the interprofessional teams?</p> <p><i>[Program Requirement: PR.F.]</i></p>	<p>Appropriately credentialed registered nurses (RNs), certified nurse midwives (CNMs), certified nurse specialists (CNSs), certified registered nurse anesthetists (CRNAs), dietitians, mental health providers, nurse practitioners (NPs), other advanced practice nurses, other advanced practice providers, pharmacists, physical and occupational therapists, physician assistants (PAs), professional, and social workers should be integrated into both the didactic and clinical experience of the resident whenever relevant.</p>
