***Journal of Graduate Medical Education* Announces March 2014
Release of Milestones for All Phase II Specialties**

CHICAGO, June 10, 2013—The ACGME and *Journal of Graduate Medical Education (JGME)* are planning a second supplement to the *Journal* that will feature the Educational Milestones for all specialties in Phase II of the Next Accreditation System, including the Transitional Year.

The March 2013 issue of *JGME* featured a supplement that included the Educational Milestones for 7 Phase I specialties that transition to the Next Accreditation System on July 1, 2013 (Emergency Medicine, Internal Medicine, Neurological Surgery, Orthopaedic Surgery, Pediatrics, Diagnostic Radiology, and Urology).

JGME has made the Milestones supplement for Phase I specialties available as an online open access document (<http://www.jgme.org/toc/jgme/5/1s1>) to promote awareness of the Educational Milestones in the graduate medical education community.
