

Developing Faculty Competencies in Assessment: A Course to Help Achieve the Goals of Competency-Based Medical Education (CBME)

The ACGME is thrilled to announce the next round of a highly interactive course designed to enhance faculty skills in competency-based assessment of residents and fellows. Assessment is essential to all of education, and graduate medical education is no exception. With the introduction of competency- or outcomes-based education nearly 15 years ago in the US, and now the launch of the ACGME's Next Accreditation System and the Milestones, the need and urgency for high quality graduate medical education programs to meet the needs of learners, programs, and the public has grown substantially.

The six-day course will be held at the Omni Chicago Hotel in Chicago, with attendance limited to 48 participants. Sessions begin on Sunday at 1:00 p.m., and continue through Friday at 12:00 p.m. The target audience is residency and fellowship program directors, associate program directors, chairs and members of Clinical Competency Committees (CCCs), and any faculty members with major responsibility for the assessment of residents/fellows.

2016 Spring Course Dates

Sunday, April 10 – Friday, April 15, 2016

Sunday, May 15 – Friday, May 20, 2016

Course Overview

The course begins with a review and exploration of key theories and concepts, and then drills deeper into more specific assessment skills and needs throughout the week. Highlights of the curriculum include:

- Goals and principles of CBME
- Practical and effective application of multiple assessment methods and tools
- Highly experiential with hands-on practice
- How to create effective assessment systems
- How to effectively run your CCC
- How to use Milestones and Entrustable Professional Activities (EPAs) effectively

Course Faculty

Eric Holmboe, MD, Senior Vice President, Milestone Development and Evaluation, ACGME

Kelly Caverzagie, MD, Associate Dean for Educational Strategy and Assistant Professor, University of Nebraska College of Medicine

William Iobst, MD, Vice President for Academic and Clinical Affairs and Vice Dean, Commonwealth Medical College

Jennifer Kogan, MD, Director, Undergraduate Medical Education and Director of Education, Associate Professor, Division of General Internal Medicine, Perelman School of Medicine, University of Pennsylvania School of Medicine

Diane Wayne, MD, Vice Dean, Education, Dr. John Sherman Appleman Professor of Medical Education Northwestern University Feinberg School of Medicine

Laura Edgar, EdD, CAE, Executive Director, Milestones Development and Executive Director, Review Committees for Medical Genetics, Pathology, and Radiation Oncology, ACGME

Stanley Hamstra, PhD, Vice President, Milestone Research and Evaluation, ACGME

Location and Hotel Information

The Omni Chicago Hotel is located at 676 North Michigan Avenue in Chicago. The course will be held at the hotel.

On the Wednesday morning of each session, the program will take place at the Clinical Education Center of the Northwestern University Feinberg School of Medicine located at 240 East Huron Street, a short walk from the Omni Chicago Hotel.

The ACGME has reserved a block of rooms at a discounted rate at the Omni Chicago Hotel for Saturday-Thursday nights during the course program; these rooms are available on a first-come, first-served basis, and you must request a room in the [Faculty Development Program room block](#) to receive the discounted rate.

Omni Chicago Hotel
676 North Michigan Avenue
Chicago, Illinois 60611
312.944.6664
