

Accreditation Council for
Graduate Medical Education

Applications will be accepted from programs whose Sponsoring Institution also sponsors an ACGME-accredited program in at least one of the following specialties: anesthesiology, emergency medicine, family medicine, internal medicine, obstetrics and gynecology, pediatrics, preventive medicine, or psychiatry.

Applications for accreditation of addiction medicine fellowship programs will be accepted by the Review Committees for Family Medicine, Internal Medicine, and Psychiatry. Applications for accreditation are available on the Program Requirements and FAQs and Applications page of each specialty's section of the website.

If the program is not affiliated with an ACGME-accredited program in family medicine, internal medicine, or psychiatry, the program may apply as a residency-independent fellowship (see the [ACGME Manual of Policies and Procedures](#) (Subject 15.b.(2).(b.)) In this circumstance, please e-mail ads@acgme.org for instructions prior to initiating the application.
