### ACGME Program Requirements for Graduate Medical Education in Allergy and Immunology
#### Summary and Impact of Focused Requirement Revisions

<table>
<thead>
<tr>
<th>Requirement #: VI.A.2.c).(1).(b) and VI.A.2.c).(1).(b).(i)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Requirement Revision (significant change only):</strong></td>
</tr>
<tr>
<td>VI.A.2.c).(1).(b) the supervising physician and/or patient is not physically present with the resident and the supervising physician is concurrently monitoring the patient care through appropriate telecommunication technology. <em>(Core)</em></td>
</tr>
<tr>
<td>VI.A.2.c).(1).(b).(i) When residents are supervised directly through telecommunication technology, the supervising physician and the resident must interact directly to solicit the key points of allergy and immunology elements of the visit and agree upon a management plan. <em>(Detail)</em></td>
</tr>
</tbody>
</table>

1. **Describe the Review Committee’s rationale for this revision:**
   - The Review Committee wanted to avoid being very prescriptive regarding supervision through telecommunication, because of the variations with legal requirements within states and variations in program structure.

2. **How will the proposed requirement or revision improve resident/fellow education, patient safety, and/or patient care quality?**
   - This will not affect resident/fellow education, patient safety, and/or patient care quality.

3. **How will the proposed requirement or revision impact continuity of patient care?**
   - This will not affect continuity of patient care.

4. **Will the proposed requirement or revision necessitate additional institutional resources (e.g., facilities, organization of other services, addition of faculty members, financial support; volume and variety of patients), if so, how?**
   - This will not necessitate additional institutional resources.

5. **How will the proposed revision impact other accredited programs?**
   - This will not affect other accredited programs.
