### Requirement(s) #: II.A.2.a

At a minimum, the program director must be provided with the salary support required to devote 20 percent FTE (at least eight hours per week) of non-clinical time to the administration of the program. *(Core)*

1. Describe the Review Committee’s rationale for this revision. **The Review Committee for Dermatology believes that the proposed salary support is appropriate for the effective administration of a one-year micrographic surgery and dermatologic oncology fellowship.**

2. How will the proposed requirement or revision improve resident/fellow education, patient safety, and/or patient care quality? **N/A**

3. How will the proposed requirement or revision impact continuity of patient care? **N/A**

4. Will the proposed requirement or revision necessitate additional institutional resources (e.g., facilities, organization of other services, addition of faculty members, financial support; volume and variety of patients), if so, how? **N/A**

5. How will the proposed revision impact other accredited programs? **N/A**

### Requirement(s) #: II.B.4.c

The program must maintain a ratio of at least one core faculty member to each fellow appointed to the program. *(Core)*

1. Describe the Review Committee’s rationale for this revision. **Oversight of the fellow by a qualified core faculty member is critical to ensure fellows meet their competency outcomes.**

2. How will the proposed requirement or revision improve resident/fellow education, patient safety, and/or patient care quality? **N/A.**

3. How will the proposed requirement or revision impact continuity of patient care? **N/A**

4. Will the proposed requirement or revision necessitate additional institutional resources (e.g., facilities, organization of other services, addition of faculty members, financial support; volume and variety of patients), if so, how? **N/A**

5. How will the proposed revision impact other accredited programs? **N/A**
Requirement(s) #: IV.C.1.a)-c)

Assignment of rotations must be structured to minimize the frequency of rotational transitions, and rotations must be of sufficient length to provide a quality educational experience defined by continuity of patient care, ongoing supervision, longitudinal relationships with faculty members, and high-quality assessment and feedback. *(Core)*

Clinical experiences should be structured to facilitate learning in a manner that allows the fellows to function as part of an effective interprofessional team that works together longitudinally with shared goals of patient safety and quality improvement. *(Core)*

As the intent of the one-year fellowship is to focus on the subspecialty of micrographic surgery and dermatologic oncology. Maintenance of skills in the previously completed core residency or other aspects of procedural dermatology beyond micrographic surgery and dermatologic oncology, should be minimal during a one-year fellowship, and should not occur more than one half-day per week. *(Core)*

---

1. Describe the Review Committee’s rationale for this revision. The Review Committee for Dermatology believes that the emphasis on length and quality of experiences for the fellows will assist the program director when developing the one-year fellowship curriculum.

2. How will the proposed requirement or revision improve resident/fellow education, patient safety, and/or patient care quality? **N/A**

3. How will the proposed requirement or revision impact continuity of patient care? **N/A**

4. Will the proposed requirement or revision necessitate additional institutional resources (e.g., facilities, organization of other services, addition of faculty members, financial support; volume and variety of patients), if so, how? **N/A**

5. How will the proposed revision impact other accredited programs? **N/A**
