1. Describe the Review Committee’s rationale for this revision:
   The requirement was added to define adequate support for the program director.

2. How will the proposed requirement or revision improve resident/fellow education, patient safety, and/or patient care quality?
   This will potentially improve education by providing increased clinical, supervisory, and administrative support to the fellows and the program.

3. How will the proposed requirement or revision impact continuity of patient care?
   NA

4. Will the proposed requirement or revision necessitate additional institutional resources (e.g., facilities, organization of other services, addition of faculty members, financial support; volume and variety of patients), if so, how?
   In some cases, this may represent an increase in financial support for the program director from what has been previously provided.

5. How will the proposed revision impact other accredited programs?
   NA
