

Specialty-Specific Program Requirements: Program Leadership Dedicated Time

Effective as of July 1, 2026

Common Program Requirements are in bold

In addition to the specialty- and subspecialty-specific program requirements below, the following Common Program Requirements Background and Intent addresses program leadership support:

Background and Intent: To achieve successful graduate medical education, individuals serving as education and administrative leaders of residency programs, as well as those significantly engaged in the education, supervision, evaluation, and mentoring of residents, must have sufficient dedicated professional time to perform the vital activities required to sustain an accredited program.

The ultimate outcome of graduate medical education is excellence in resident education and patient care.

The program director and, as applicable, the program leadership team, devote a portion of their professional effort to the oversight and management of the residency program, as defined in 2.6. – 2.6.I. Both provision of support for the time required for the leadership effort and flexibility regarding how this support is provided are important. Programs, in partnership with their Sponsoring Institutions, may provide support for this time in a variety of ways. Examples of support may include, but are not limited to, salary support, supplemental compensation, educational value units, or relief of time from other professional duties. Program directors and, as applicable, members of the program leadership team, who are new to the role may need to devote additional time to program oversight and management initially as they learn and become proficient in administering the program. It is suggested that during this initial period the support described above be increased as needed.

In addition, it is important to remember that the dedicated time and support requirement for ACGME activities is a minimum, recognizing that, depending on the unique needs of the program, additional support may be warranted. The need to ensure adequate resources, including adequate support and dedicated time for the program director, is also addressed in Institutional Requirement 2.2.a. The amount of support and dedicated time needed for individual programs will vary based on a number of factors and may exceed the minimum specified in the applicable specialty/subspecialty-specific Program Requirements. It is expected that the Sponsoring Institution, in partnership with its accredited programs, will ensure support for program directors to fulfill their program responsibilities effectively.

Adult Congenital Heart Disease

2.3.a. At a minimum, the program director must be provided with the dedicated time and support specified below for administration of the program: ^(Core)

Number of Approved Fellow Positions	Minimum Support Required (FTE)
<7	0.20
7-9	0.25
10-12	0.30

2.3.b. Programs must appoint at least one of the core faculty members in adult congenital heart disease to be associate program director(s). ^(Core)

2.3.c. The associate program director(s) must be provided with support equal to a dedicated minimum time for administration of the program as follows: ^(Core)

Number of Approved Fellow Positions	Minimum Aggregate Support Required (FTE)
<7	Refer to PR 2.10.c.
7-9	0.13
10-12	0.14
13-15	0.15
16-18	0.16
19-21	0.17
22-24	0.18
25-27	0.24

Subspecialty-Specific Background and Intent: For programs with fewer than seven fellows, there is no separate minimum associate program director FTE support beyond what is specified for core faculty members. Programs will need to use the minimum aggregate FTE for core faculty members to support the associate program director, who is also a core faculty member. See the Subspecialty-Specific Background and Intent box in the core faculty section (2.10.c.) for

Specialty/ Subspecialty Name	Program Requirement Language
	clarification of expectations for associate program director FTE support for programs with approved complements of fewer than seven fellows.

Advanced Heart Failure/Transplant Cardiology

2.3.a. At a minimum, the program director must be provided with the dedicated time and support specified below for administration of the program: ^(Core)

Number of Approved Fellow Positions	Minimum Support Required (FTE)
<7	0.20
7-9	0.25
10-12	0.30

2.3.b. Programs must appoint at least one of the subspecialty core faculty members in advanced heart failure/transplant cardiology to be associate program director(s). ^(Core)

2.3.c. The associate program director(s) must be provided with support equal to a dedicated minimum time for administration of the program as follows: ^(Core)

Number of Approved Fellow Positions	Minimum Aggregate Support Required (FTE)
<7	Refer to PR 2.10.c.
7-9	0.13
10-12	0.14
13-15	0.15
16-18	0.16

81-90	.50	0.50
≥91	.50	0.60

Specialty-Specific Background and Intent: As an example, a program with 50 residents would be required to have 40 percent FTE support for the program director and an additional 20 percent FTE support for leadership (Assistant or Associate Program Director (APD)). The additional 20 percent FTE may be allocated between one or more APDs, or between the PD and an APD(s). The Review Committee has maxed out the required program director support at 50 percent FTE to ensure that they will have time to remain active in the clinical and scholarly domains. The Review Committee has not specified how the remaining support should be distributed amongst leadership to allow programs, in partnership with their Sponsoring Institution, to allocate support as they see fit.

2.4.b. There must be at least one associate program director with an aggregate minimum of 10 percent FTE support for programs with more than 20 residents. ^(Core)

Thoracic Surgery –
Independent

2.3. The program director and, as applicable, the programs leadership team, must be provided with support adequate for administration of the program based upon its size and configuration. (Core)

2.3.a. At a minimum, the program director must be provided with the dedicated time and support specified below for administration of the program: (Core)

Number of Approved Fellow Positions	Minimum FTE Support Required for the Program Director
1-6	.20
7-10	.35
11-15	.40
16-20	.45
21-25	.50

2.3.b. Program directors who oversee both an independent and an integrated thoracic surgery program must be provided support for the administration of the programs based on the total number of approved positions across both programs. (Core)

2.3.c. Program directors who oversee both an independent and an integrated thoracic surgery program which, combined, have 10 or more residents/fellows must appoint an associate (or assistant) program director. (Core)

2.3.d. The associate (assistant) program director must be provided with support equal to a dedicated minimum of 10 percent FTE for administration of the program. (Core)

Specialty-Specific Background and Intent: The Review Committee recognizes that many institutions have both an independent and integrated thoracic surgery program and share one Program Director. The Review Committee will allow programs with the same Program Director across both formats to count the total number of residents/fellows in both programs to determine required dedicated time for administration of the programs. However, this time is comprehensive and not additive, so an Institution that has a total of 20 residents/fellows across both the independent and integrated programs would require 45 percent FTE for the program director and 10 percent FTE for an assistant/associate program director, for a total required leadership FTE of 55 percent.

Overseeing thoracic surgery fellowship programs requires oversight of the clinical, educational, and administrative aspects of the program. The Review Committee feels that the addition of an associate/assistant program director once

Specialty/ Subspecialty Name	Program Requirement Language																					
	a program director oversees more than 10 residents/fellows should provide residents/fellows with additional clinical and educational resources and augment the work of the program director.

Subspecialty-Specific Background and Intent: Programs with fewer than seven fellows do not have a separate minimum FTE for associate program director that is distinct from what is specified for core faculty members. Programs will need to use the minimum aggregate FTE for core faculty members to support the associate program director, who is also a core faculty member. See the Subspecialty-Specific Background and Intent box

Specialty/ Subspecialty Name	Program Requirement Language
	<p>in the core faculty section (2.10.e.) for clarification of expectations around FTE support for associate program directors for programs with approved complements of fewer than seven fellows.</p> <p>Specialty-Specific Background and Intent: For instance, a program with an approved complement of eight fellows must have at least 25 percent FTE support for the program director and at least 13 percent FTE support for the associate program director (s). Although associate program directors will also be core faculty members, the required FTE support is not cumulative. Associate program directors must receive either support for the associate program director position or the 10 percent FTE for the core faculty member position, but not both. For example, if one core faculty member is named the associate program director for an eight-fellow program, the support for that position must be at least 13 percent FTE. Further, the Review Committee allows the minimum required FTE support to be shared among multiple associate program director s, as delegated by and at the discretion of the program director.</p>
