

Specialty-Specific Program Requirements: Number of Faculty

Effective as of December 1, 2025

Common Program Requirements are in bold

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
Allergy and Immunology	<p>2.10.a. Physician faculty members who are not specialists in allergy and immunology must be certified in their specialties by the appropriate American Board of Medical Specialties (ABMS) board or AOA certifying board, or possess qualifications acceptable to the Review Committee. <small>(Core)</small></p> <p>2.10.b. Faculty members must be certified by the American Board of Allergy and Immunology, AOA Certification in Allergy and Immunology, or possess qualifications acceptable to the Review Committee. <small>(Detail)</small></p> <p>2.10.c. At least one faculty member must be an allergist and immunologist who has completed an ACGME-accredited, or AOA-approved residency in pediatrics. <small>(Detail)</small></p> <p>2.10.d. At least one faculty member must be an allergist and immunologist who has completed an ACGME-accredited, AOA-approved residency in internal medicine. <small>(Detail)</small></p>
Anesthesiology	<p>2.7.a. The members of the faculty must have varying interests, capabilities, and backgrounds, and include individuals who have specialized expertise in the subspecialties of anesthesiology, including critical care, obstetric anesthesia, pediatric anesthesia, neuroanesthesia, cardiothoracic anesthesia, and pain medicine, and also in research. <small>(Core)</small></p> <p>2.7.b. Didactic and clinical teaching should be provided by faculty members with documented interests and expertise in the subspecialty involved. <small>(Detail)</small></p> <p>2.7.c. The number of faculty members must be sufficient to provide each resident with adequate supervision, which shall not vary substantially with the time of day or the day of the week. <small>(Core)</small></p> <p>2.7.d. Designated faculty members must be readily and consistently available for consultation and teaching. <small>(Core)</small></p> <p>2.11.b. There must be at least six core physician faculty members, not including the program director. <small>(Core)</small></p>
Adult Cardiothoracic Anesthesiology	<p>2.6.a. In addition to the program director, at least two faculty members must have certification in advanced peri-operative TEE by the NBE. <small>(Core)</small></p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>2.6.b. The faculty must include at least one individual who is certified in critical care medicine through a member board of the American Board of Medical Specialties (ABMS) or a certifying board of the American Osteopathic Association (AOA) and who practices in an ICU that cares for adult cardiothoracic surgical patients. (Core)</p> <p>2.6.c. The faculty must include at least one physician member certified in cardiology, through the American Board of Internal Medicine or the American Osteopathic Board of Internal Medicine. (Core)</p> <p>2.6.d. The faculty must include at least one physician certified in cardiothoracic surgery through the American Board of Surgery or the American Osteopathic Board of Surgery. (Core)</p> <p>2.10.b. There must be at least three core program faculty members, including the program director. (Core)</p> <p>2.10.c. For programs with four or more fellows, a ratio of at least one faculty member to one fellow must be maintained. (Core)</p>
<p>Anesthesiology Critical Care Medicine</p>	<p>2.6.a. Physicians with education and certification through a member board of the American Board of Medical Specialties (ABMS) or certifying board of the American Osteopathic Association (AOA) in other specialties, including diagnostic radiology, emergency medicine, internal medicine, neurological surgery, neurology, obstetrics and gynecology, pathology, and surgery, must be available for consultations and the collaborative management of critically-ill patients, as well as the supervision of fellows. (Core)</p> <p>2.6.b. A critical care faculty member who is an anesthesiologist \ must function as the medical director or co-medical director of one or more of the critical care units in which the majority of fellows’ clinical education is required to take place. (Core)</p> <p>2.6.c. Physicians with education or certification in critical care echocardiography (e.g., transthoracic echocardiogram (TTE), transesophageal echocardiogram (TEE) and ultrasound (e.g., point-of-care ultrasound) must be available for consultation and collaboration to supervise fellows. (Core)</p> <p>2.10.b. There must be at least three core program faculty members, including the program director. (Core)</p> <p>2.10.b.1. The core faculty must include at least two anesthesiologists with board certification in critical care medicine through the American Board of Anesthesiology or the American Osteopathic Board of</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>Anesthesiology, or with other qualifications acceptable to the Review Committee. (Core)</p> <p>2.10.c. For programs with four or more fellows, a ratio of at least one faculty member to one fellow must be maintained. (Core)</p>
Obstetric Anesthesiology	<p>2.7.f. The faculty must include physicians certified through a member board of the ABMS or certifying board of the AOA in obstetrics and gynecology, maternal-fetal medicine, and neonatology, must be available for consultations and the collaborative management of peripartum patients, as well as instruction and supervision of fellows. (Core)</p> <p>2.7.g. The faculty must include at least one individual who is certified in critical care medicine by a member board of the ABMS or AOA and who practices in an ICU that cares for obstetric patients. (Core)</p> <p>2.10.b. There must be at least three core program faculty members, including the program director. (Core)</p> <p>2.10.c. For programs with four or more fellows, a ratio of at least one faculty member to one fellow must be maintained. (Core)</p>
Pediatric Anesthesiology	<p>2.6.a. The faculty must include at least one individual who is certified in critical care medicine by a member board of the American Board of Medical Specialties (ABMS) or American Osteopathic Association (AOA) and practices in an intensive care unit (ICU) that cares for pediatric surgical patients. (Core)</p> <p>2.6.b. Faculty members certified in critical care medicine by a member board of the ABMS or a certifying board of the AOA must be available for consultation and collaborative management of critically-ill patients. (Core)</p> <p>2.10.b. There must be at least three core program faculty members, including the program director. (Core)</p> <p>2.10.c. For programs with four or more fellows, a ratio of at least one faculty member to one fellow must be maintained. (Core)</p>
Pediatric Cardiac Anesthesiology	<p>2.6.a. At least one faculty member must have certification in echocardiography. (Core)</p> <p>2.6.b. The faculty must include at least one individual who is certified in critical care medicine through a member board of the ABMS or AOA and who practices in an ICU that cares for pediatric cardiac</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>surgical patients. (Core)</p> <p>2.6.c. The faculty must include at least one physician member qualified in pediatric cardiology and one physician qualified in congenital cardiac surgery. (Core)</p> <p>2.6.d. The faculty must include at least one non-physician faculty member with experience in cardiopulmonary bypass and other forms of mechanical circulatory support responsible for fellow education. (Core)</p> <p>2.10.b. There must be at least three core faculty members, including the program director. (Core)</p> <p>2.10.b.1. For programs with four or more fellows, a ratio of at least one faculty member to one fellow must be maintained. (Core)</p>
Regional Anesthesiology and Acute Pain Medicine	<p>2.10.b. There must be at least three core faculty members, including the program director. (Core)</p> <p>2.10.b.1. For programs with four or more fellows, a ratio of at least one faculty member to one fellow must be maintained. (Core)</p>
Colon and Rectal Surgery	<p>2.11.b. There must be a minimum of three FTE ABCRS-certified core faculty members, including the program director. (Core)</p>
Dermatology	<p>2.11.b. There should be a core faculty member-to-resident ratio of at least one-to-three. (Core)</p>
Micrographic Surgery and Dermatologic Oncology	<p>2.6.a. In addition to the program director, there must be at least one faculty member who is actively involved in the clinical practice of cutaneous oncologic surgery. (Core)</p> <p>2.6.b. A second faculty member should be a Mohs surgeon, an otolaryngologist, an ophthalmic plastic and reconstructive surgeon, or a plastic surgeon who is actively involved in the surgical management of cutaneous oncology patients. (Detail)</p> <p>2.6.c. Other members of the faculty in related disciplines should include members from specialties with overlapping expertise, including at least two of the following: dermatology; dermatopathology; general surgery; medical oncology; ophthalmology; otolaryngology; ophthalmic plastic and reconstructive surgery (oculoplastic surgeons), plastic surgery and prosthetics, pathology, and radiation therapy. (Detail)</p> <p>2.10.b. The program must maintain a ratio of at least one core faculty member to each fellow</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	appointed to the program. (Core)
Pediatric Dermatology	<p>2.6.a. In addition to the program director, there must be at least one faculty member who is actively involved in the clinical practice of pediatric dermatology. (Core)</p> <p>2.10.b. In addition to the program director, the program should maintain a ratio of at least one core faculty member to each fellow appointed to the program. (Core)</p>
Diagnostic Radiology	<p>2.7.a. There must be a minimum of one physician faculty member for every resident in the program. (Core)</p> <p>2.7.b. In addition to the practice domains, there should be designated physician faculty members with expertise in and responsibility for developing didactic content in the following educational content areas:</p> <p>2.7.b.1. CT; (Core)</p> <p>2.7.b.2. MRI; (Core)</p> <p>2.7.b.3. radiography/fluoroscopy; and, (Core)</p> <p>2.7.b.4. ultrasonography; (Core)</p> <p>2.7.c. There should be physician faculty, non-physician faculty, or other staff members available to the program, within the institution, with expertise in quality, safety, and informatics. (Core)</p> <p>2.7.c.1. These faculty or staff members should develop didactic content related to their area of expertise. (Core)</p> <p>2.11.b. There must be at least eight core physician faculty members to represent each of the following practice domains: (Core)</p> <p>2.11.b.1. abdominal (gastrointestinal and genitourinary) radiology; (Core)</p> <p>2.11.b.2. breast radiology; (Core)</p> <p>2.11.b.3. cardiothoracic (cardiac and thoracic) radiology; (Core)</p> <p>2.11.b.4. interventional radiology; (Core)</p> <p>2.11.b.5. musculoskeletal radiology; (Core)</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”														
	2.11.b.6. neuroradiology; ^(Core) 2.11.b.7. nuclear radiology and molecular imaging; and, ^(Core) 2.11.b.8. pediatric radiology. ^(Core)														
Interventional Radiology	<p>2.7.a. There must be a minimum of one physician faculty member for every resident in the program. ^(Core)</p> <p>2.7.b. The faculty must include, in aggregate, at least two FTE interventional radiologists, including the program director. ^(Core)</p> <p>2.7.b.1. While the expertise of any one interventional radiology faculty member may be limited to a particular aspect of interventional radiology, the program must ensure that appropriately qualified faculty members are available to provide an experience that includes all aspects of interventional radiology. ^(Core)</p> <p>2.7.b.2. Integrated programs with greater than four residents must maintain a ratio of no less than one interventional radiologist faculty member for every two residents in the final 24 months of residency according to the following: ^(Core)</p> <table border="1" data-bbox="846 829 1623 1175"> <thead> <tr> <th>Total Number of PGY-5-6 Integrated Residents</th> <th>Minimum Number of Interventional Radiologists</th> </tr> </thead> <tbody> <tr> <td>5 residents</td> <td>3</td> </tr> <tr> <td>6 residents</td> <td>3</td> </tr> <tr> <td>7 residents</td> <td>4</td> </tr> <tr> <td>8 residents</td> <td>4</td> </tr> <tr> <td>9 residents</td> <td>5</td> </tr> <tr> <td>10 residents</td> <td>5</td> </tr> </tbody> </table> <p>2.7.b.3. Independent programs with greater than four residents must maintain a ratio of no less than one interventional radiologist for every two residents. ^(Core)</p> <p>2.7.c. Integrated Programs</p> <p>In addition to the practice domains, there should be designated physician faculty members with expertise in and responsibility for developing didactic content in the following educational content</p>	Total Number of PGY-5-6 Integrated Residents	Minimum Number of Interventional Radiologists	5 residents	3	6 residents	3	7 residents	4	8 residents	4	9 residents	5	10 residents	5
Total Number of PGY-5-6 Integrated Residents	Minimum Number of Interventional Radiologists

10 residents	5														

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>areas:</p> <p>2.7.c.1 CT; (Core)</p> <p>2.7.c.2MRI; (Core)</p> <p>2.7.c.3 radiography/fluoroscopy; and, (Core)</p> <p>2.7.c.4 ultrasonography; (Core)</p> <p>Specialty-Specific Background and Intent: Programs do not need to have additional faculty members to provide the didactic content for the educational content areas of CT, MRI, radiography/fluoroscopy, and ultrasonography. Any of the required eight core faculty members with additional expertise in any of the educational content areas may also provide education in these areas to fulfill this requirement and develop the didactic content for the related area.</p> <p>2.7.d. There should be physician faculty, non-physician faculty, or other staff members available to the program, within the institution, with expertise in quality, safety, and informatics. (Core)</p> <p>2.7.d.1. These faculty or staff members should develop didactic content related to their areas of expertise. (Core)</p> <p>Specialty-Specific Background and Intent: The faculty or staff members who fulfill the roles for expertise in quality, safety, and informatics are not required to have formal certification in their respective area(s) of expertise. It is not the Committee's expectation that there be dedicated staff members for each area of expertise. For example, programs may have an information technology staff member or administrator with relevant expertise in informatics, and this would satisfy the requirement as long as the individual was available to the program to dedicate the time to develop the necessary didactic content related to the area of expertise. The Committee's expectation is that there be some resident education in each area.</p> <p>2.7.e. Faculty members for all other educational experiences should be active teaching faculty members in ACGME-accredited programs. (Core)</p> <p>2.7.f. An assistant or associate program director that is clinically active in diagnostic radiology should be appointed. (Detail)</p> <p>2.9.a. At least two FTE interventional radiology physician faculty members, including the program director, must have certification by the ABR or the AOBR in interventional radiology/diagnostic radiology, or in diagnostic radiology with subspecialty certification in vascular and interventional</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>radiology. ^(Core)</p> <p>2.11.b. Integrated Programs</p> <p>2.11.b. There must be at least eight core physician faculty members to represent each of the following practice domains: ^(Core)</p> <p>2.11.b.1. abdominal (gastrointestinal and genitourinary) radiology; ^(Core)</p> <p>2.11.b.2. breast radiology; ^(Core)</p> <p>2.11.b.3. cardiothoracic (cardiac and thoracic) radiology; ^(Core)</p> <p>2.11.b.4. interventional radiology; ^(Core)</p> <p>2.11.b.5. musculoskeletal radiology; ^(Core)</p> <p>2.11.b.6. neuroradiology; ^(Core)</p> <p>2.11.b.7. nuclear radiology and molecular imaging; and, ^(Core)</p> <p>2.11.b.8. pediatric radiology. ^(Core)</p> <p>Specialty-Specific Background and Intent: A pediatric radiologist may have a primary appointment at another site and still be the designated faculty member supervising pediatric radiologic education for the program.</p>
Abdominal Radiology	<p>2.6.a. To ensure adequate teaching, supervision, and evaluation of the fellows’ academic progress, there must be a ratio of at least one full-time faculty member for every fellow in the program. ^(Core)</p> <p>2.10.b. The abdominal radiology faculty must have a minimum of two FTE core faculty members, which must include the program director and at least one other full-time radiologist specializing in abdominal radiology. ^(Core)</p>
Musculoskeletal Radiology	<p>2.6.a. To ensure adequate teaching, supervision, and evaluation of the fellows’ academic progress, there must be a ratio of at least one full-time faculty member for every two fellows in the program.</p> <p>2.10.b. The musculoskeletal radiology faculty must have a minimum of two FTE core faculty members, which must include the program director and at least one other full-time radiologist specializing in musculoskeletal radiology. ^(Core)</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
Neuroradiology	<p>2.6.a. The neuroradiology faculty must include a minimum of at least two neuroradiologists, including the program director. (Core)</p> <p>2.6.a.1. These faculty members should spend at least 80 percent of their time in the practice of neuroradiology. (Core)</p> <p>2.6.b. There must be a minimum of at least one neuroradiologist for every two fellows. (Core)</p> <p>2.10.b. There must be at least two core faculty members, including the program director, who are neuroradiologists. (Core)</p>
Nuclear Radiology	<p>2.6.a. To ensure adequate supervision and evaluation of fellows’ academic progress, there must be at least one FTE faculty member for each fellow. (Core)</p> <p>2.10.b. The nuclear radiology faculty must have a minimum of two FTE core faculty members, which must include the program director and at least one other FTE faculty member who is ABR-certified in nuclear radiology or ABNM-/AOBNM- certified in nuclear medicine. (Core)</p>
Pediatric Radiology	<p>2.6.a. To ensure adequate teaching, supervision, and evaluation of the fellows’ academic progress, there must be a ratio of at least one full-time pediatric radiologist for every fellow in the program. (Core)</p> <p>2.6.b. There should be full-time faculty members in pediatrics who are available to the program. (Core)</p> <p>2.6.c. There should be one or more pediatric surgeons, one or more pediatric pathologists, and a broad range of pediatric medical and surgical subspecialists available to the program. (Core)</p> <p>2.10.b. The pediatric radiology faculty must have a minimum of two FTE core faculty members, which must include the program director and at least one other full-time, ABR- or AOBR-certified pediatric radiologist. (Core)</p>
Emergency Medicine	<p>2.11.b. There must be a minimum of one core physician faculty member for every three residents in the program. (Core)</p> <p>2.11.c. At a minimum, each required core faculty member, excluding program leadership, must be provided with support equal to a dedicated minimum of 10 percent FTE for educational and administrative responsibilities that do not involve direct patient care. (Core)</p> <p>2.11.d. Assistant or associate program directors must be clinically active in emergency medicine. (Core)</p> <p>2.11.e. Assistant or associate program directors must be core faculty members. (Core)</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
Emergency Medical Services	<p>2.6.a. There must be at least two subspecialty physician faculty members, in addition to the program director, who devote a minimum of five hours per week of their time to supervision of the fellows. ^(Core)</p> <p>2.6.b. Consultants and/or program faculty members should be available for consultation and academic lectures. ^(Detail)</p> <p>2.6.b.1. Consultants and/or program faculty members should include those with special expertise in air medical services, biostatistics, cardiology, critical care, disaster and mass casualty incident management, epidemiology, forensics, hazardous materials and mass exposure to toxins, mass gatherings, neurology, pediatrics, pharmacology, psychiatry, public health, pulmonary medicine, resuscitation, toxicology, and trauma surgery. ^(Detail)</p> <p>2.10.b. In addition to the program director there must be at least two core physician faculty members with EMS board certification whose practice makes them available for consultation by fellows. ^(Core)</p>
Family Medicine	<p>2.7.a. Instruction in the other specialties must be conducted by faculty members with appropriate expertise. ^(Core)</p> <p>2.7.b. There must be a ratio of residents-to-faculty preceptors in the FMP not to exceed 4:1. ^(Detail)</p> <p>2.7.b.1. If only one resident is seeing patients in the FMP, a single faculty member must devote at least 50 percent of his or her time to teaching and supervising that resident. ^(Detail)</p> <p>2.11.b. There must be at least one core family medicine physician faculty member, in addition to the program director, for every six residents in programs with 12 or fewer residents, and one core family medicine physician faculty member, in addition to the program director, for every four residents in programs with more than 12 residents. ^(Core)</p>
Internal Medicine	<p>2.11.b. In addition to the program director and associate program director(s), programs must have the minimum number of ABIM- or AOBIM-certified core faculty members based on the number of approved resident positions, as follows. ^(Core)</p> <p>2.11.c. At a minimum, the required core faculty members, in aggregate and excluding program leadership, must be provided with support equal to an average dedicated minimum of .1 FTE for educational and administrative responsibilities that do not involve direct patient care. ^(Core)</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”																				
	<div style="border: 1px solid black; padding: 5px;"> <p>Subspecialty-Specific Background and Intent: The requirement for ABIM- and/or AOBIM-certified core faculty members ensures subspecialty-specific educators with appropriate qualifications for managing and providing comprehensive patient care to complex, critically ill patients. Therefore, the Review Committee expects that the majority of the core faculty will be ABIM- or AOBIM- certified. However, critical care medicine physicians with certification from the American Board of Emergency Medicine can also be identified as core subspecialty faculty members as long as they have completed a 24-month critical care medicine fellowship in an ACGME-accredited internal medicine critical care medicine program. In addition, although anesthesia and surgical critical care medicine physicians can also participate in the program, they cannot be counted towards the minimum required number of subspecialty-certified core faculty members.</p> </div>

	<p>disease, and at least 50 percent of the individuals must be ABIM- or AOBIM-certified in critical care medicine. ^(Core)</p> <div style="border: 1px solid black; padding: 5px;"> <p>Subspecialty-Specific Background and Intent: The requirement for ABIM- and/or AOBIM-certified core faculty members ensures subspecialty-specific educators with appropriate qualifications for managing and providing comprehensive patient care to complex, critically ill patients. Therefore, the Review Committee expects that the majority of the core faculty will be ABIM- or AOBIM-certified. However, critical care medicine physicians with certification from the American Board of Emergency Medicine can also be identified as core subspecialty faculty members as long as they have completed a 24-month critical care medicine fellowship in an ACGME-accredited critical care medicine program. In addition, although anesthesia and surgical critical care medicine physicians can also participate in the program, they cannot be counted towards the minimum required number of subspecialty-certified core faculty members.</p> </div>																				
Pulmonary Disease	<p>2.10.b. In addition to the program director, programs must have the minimum number of core faculty members who are certified in pulmonary disease by the ABIM or the AOBIM based on the number of approved fellow positions, as follows: ^(Core)</p> <table border="1" data-bbox="1035 865 1677 1320"> <thead> <tr> <th data-bbox="1035 865 1346 971">Number of Approved Positions</th> <th data-bbox="1346 865 1677 971">Minimum Number of ABIM or AOBIM Certified Core Faculty</th> </tr> </thead> <tbody> <tr> <td data-bbox="1035 971 1346 1011">1-3</td> <td data-bbox="1346 971 1677 1011">2</td> </tr> <tr> <td data-bbox="1035 1011 1346 1052">4-6</td> <td data-bbox="1346 1011 1677 1052">3</td> </tr> <tr> <td data-bbox="1035 1052 1346 1092">7-9</td> <td data-bbox="1346 1052 1677 1092">4</td> </tr> <tr> <td data-bbox="1035 1092 1346 1133">10-12</td> <td data-bbox="1346 1092 1677 1133">6</td> </tr> <tr> <td data-bbox="1035 1133 1346 1174">13-15</td> <td data-bbox="1346 1133 1677 1174">8</td> </tr> <tr> <td data-bbox="1035 1174 1346 1214">16-18</td> <td data-bbox="1346 1174 1677 1214">10</td> </tr> <tr> <td data-bbox="1035 1214 1346 1255">19-21</td> <td data-bbox="1346 1214 1677 1255">12</td> </tr> <tr> <td data-bbox="1035 1255 1346 1295">22-24</td> <td data-bbox="1346 1255 1677 1295">14</td> </tr> <tr> <td data-bbox="1035 1295 1346 1320">25-27</td> <td data-bbox="1346 1295 1677 1320">16</td> </tr> </tbody> </table>	Number of Approved Positions	Minimum Number of ABIM or AOBIM Certified Core Faculty	1-3	2	4-6	3	7-9	4	10-12	6	13-15	8	16-18	10	19-21	12	22-24	14	25-27	16

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	2.10.b.1. This core faculty to fellow ratio must include fellows participating in the dual GI/TH pathway in addition to fellows in the transplant hepatology fellowship. (Core)
Medical Genetics and Genomics	2.11.b. There must be at least three core faculty members, including the program director, who are members of the medical staff of participating sites, and at least two of whom must have current ABMGG certification in clinical genetics and genomics. (Core)
Clinical Biochemical Genetics	2.11.b. \The program must have at least three core faculty members. (Core)
Laboratory Genetics and Genomics	2.11.b. The program must have at least three core faculty members. (Core)
Medical Biochemical Genetics	2.10.b. There must be at least three FTE core faculty members, including the program director, with current ABMGG certification in medical biochemical genetics, clinical genetics and genomics, or clinical biochemical genetics. (Core)
Neurological Surgery	<p>2.11.b. There must be a minimum of three core ABNS- and/or AOBS-certified neurological surgeons located at the primary clinical site and predominantly engaged in clinical activity there. (Core)</p> <p>2.11.c. There must be additional core physician faculty members who are certified in neurological surgery by the ABNS and/or the AOBS and who demonstrate a commitment to the education, supervision, and evaluation of residents in clinical and other activities to ensure progressive development in all of the Milestones. (Core)</p> <p>2.11.d. At a minimum, each required core faculty member, excluding program leadership, must be provided with support equal to a dedicated minimum of 5 percent FTE for educational and administrative responsibilities that do not involve direct patient care. (Core)</p>
Neurology	<p>2.7.a. A total faculty member to approved resident complement ratio of one to one must be maintained. The program director may be counted as one of the faculty members in determining the ratio. (Core)</p> <p>2.7.b. Faculty members or consultants with special expertise in all the disciplines related to neurology, including behavioral neurology, child neurology, clinical neurophysiology, epilepsy, headache, infectious disease, movement disorders, neurocritical care, neurogenetics, neuroimaging,</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>neuroimmunology, neurology of aging, neuromuscular medicine, neuro-oncology, neurotology, neuro-ophthalmology, neuropathology, pain management, psychiatry, sleep disorders, and vascular neurology, should be available to neurology residents. ^(Detail)</p> <p>2.11.b. The core faculty must include a program director, a child neurologist, and a minimum of three full-time neurology faculty members who provide clinical service and teaching and who devote sufficient time to the program to ensure basic and clinical education for residents. ^(Core)</p>
Child Neurology	2.11.b. There must be at least two core child neurology faculty members. ^(Core)
Clinical Neurophysiology	<p>2.10.b. The program must have at least two core faculty members, including the program director, who have completed education in and are certified by the ABPN or the AOBNP in clinical neurophysiology. ^(Core)</p> <p>2.10.c. A core faculty-to-fellow ratio of at least one-to-one must be maintained in programs with two or more fellows. The program director may be counted as one of the faculty members in determining the ratio. ^(Core)</p>
Epilepsy	<p>2.10.c. The program must have at least two core faculty members, including the program director, who have completed education in and are certified by the ABPN in epilepsy. ^(Core)</p> <p>2.10.b. A core faculty-to-fellow ratio of at least one-to-one must be maintained in programs with two or more fellows. The program director may be counted as one of the faculty members in determining the ratio. ^(Core)</p>
Neurodevelopmental Disabilities	<p>2.9.a.1. Additional faculty members must include specialists in child and adolescent psychiatry, dentistry, genetics, metabolism, neonatology, neurological surgery, neurology, ophthalmology, orthopaedic surgery, otolaryngology -head and neck surgery, pediatrics and its related subspecialties, physical medicine and rehabilitation, and psychiatry. ^(Detail)</p> <p>2.10.b. The program must have at least two core faculty members, including the program director, who have completed education in and are certified by the ABPN or the ABP in neurodevelopmental disabilities. ^(Core)</p> <p>2.10.b.1. A core faculty-to-fellow ratio of at least one-to-one must be maintained in programs with two or more fellows. The program director may be counted as one of the faculty members in determining the ratio. ^(Core)</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
Vascular Neurology	<p>2.9.a.1. Faculty members from other disciplines, including cardiologists, neurological surgeons, neuro-rehabilitation specialists, and vascular surgeons, must be available to the program. ^(Detail)</p> <p>2.10.b. A core faculty-to-fellow ratio of at least one-to-one must be maintained in programs with two or more fellows. The program director may be counted as one of the faculty members in determining the ratio. ^(Core)</p> <p>2.10.c. The program must have at least two core faculty members, including the program director, who have completed education in and are certified by the ABPN in vascular neurology. ^(Core)</p>
Nuclear Medicine	<p>2.11.b. There must be at least one core physician faculty member in addition to the program director. ^(Core)</p> <p>2.11.b.1. Programs must maintain a ratio of at least one core physician faculty member per every two residents. ^(Core)</p>
Obstetrics and Gynecology	<p>2.11.b. Programs with 12 or fewer residents must have a minimum of three core physician faculty members in addition to the program director. ^(Core)</p> <p>2.11.c. Programs with more than 12 residents must have a minimum of one core physician faculty member, in addition to the program director, for every four residents. ^(Core)</p>
Complex Family Planning	<p>2.10.b. In addition to the program director, there must be at least one additional core physician faculty member. ^(Core)</p> <p>2.10.c. In addition to the program director, at least one core faculty member must be qualified and available to serve as a research mentor to the fellows. ^(Core)</p>
Gynecologic Oncology	<p>2.9.b. In addition to the core faculty in gynecologic oncology, a program must include faculty members, who participate in the care of patients and are involved in the training of the fellows, with special interest and expertise in the following areas: ^(Core)</p> <p>2.9.b.1. Radiation Therapy</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>At least one radiation oncologist must be involved in an active program of radiation therapy with modern equipment for teletherapy and sources for brachytherapy. (Core)</p> <p>2.9.b.1.a. This individual must provide consultation for patient care; and, (Core)</p> <p>2.9.b.1.b. This individual must provide formal instruction to the fellows in the principles and techniques of all forms of radiation therapy. (Core)</p> <p>2.9.b.2. Pathology</p> <p>At least one pathologist who is skilled in the areas of cytology and gynecologic malignancies must be available to the fellows for consultation and instruction. (Core)</p> <p>2.9.b.3. Chemotherapy and Other Targeted Therapeutics</p> <p>At least one physician competent in chemotherapy and other targeted therapeutics must be available to the fellows. This individual may be a gynecologic oncologist or a subspecialist in another discipline. (Core)</p> <p>2.9.b.3.a. This individual must be readily available for consultation; and, (Core)</p> <p>2.9.b.3.b. This individual must provide formal instruction for the fellows in the principles, use, and complications of chemotherapy and other targeted therapeutics. (Core)</p> <p>2.9.c. There must be evidence of mutually complementary active and continuing interaction between these disciplines and the fellows. (Core)</p> <p>2.10.b. In addition to the program director, there must be at least one core faculty member who is certified in gynecologic oncology by the American Board of Obstetrics and Gynecology or the American Osteopathic Board of Obstetrics and Gynecology, or who has credentials acceptable to the Review Committee. (Core)</p> <p>2.10.c. In addition to the program director, there must be at least one core faculty member who is qualified and available to serve as a research mentor to the fellows. (Core)</p>
Maternal-Fetal Medicine	<p>2.9.b. In addition to the members of the core faculty, there must be faculty members, in the following specialty areas, who participate in the care of patients and are involved in the education of fellows:</p> <p>2.9.b.1. critical care medicine; (Core)</p> <p>2.9.b.2. genetics; (Core)</p> <p>2.9.b.3. infectious diseases; (Core)</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>2.9.b.4. neonatology; (Core)</p> <p>2.9.b.5. obstetrical anesthesiology; and, (Core)</p> <p>2.9.b.6.perinatal pathology. (Core)</p> <p>2.9.c. There must be evidence of mutually complementary active and continuing interaction between these disciplines and fellows. (Core)</p> <p>2.10.b. In addition to the program director, there must be at least one core faculty member who is certified in maternal-fetal medicine by the American Board of Obstetrics and Gynecology or the American Osteopathic Board of Obstetrics and Gynecology, or has credentials acceptable to the Review Committee. (Core)</p> <p>2.10.c. In addition to the program director, there must be at least one core faculty member who is qualified and available to serve as research mentor to the fellows. (Core)</p>
Reproductive Endocrinology and Infertility	<p>2.9.b. In addition to the faculty in reproductive endocrinology and infertility, there must be faculty members in the following specialty areas who participate in the care of patients, have mutually complementary and continuing interaction with the fellows, and are involved in the education of the fellows:</p> <p>2.9.b.1.genetics; (Core)</p> <p>2.9.b.2.male infertility; (Core)</p> <p>2.9.b.3.medical endocrinology; and, (Core)</p> <p>2.9.b.4.pediatric endocrinology. (Core)</p> <p>2.10.b. In addition to the program director, there must be at least one core physician faculty member who is certified in reproductive endocrinology and infertility by the American Board of Obstetrics and Gynecology or the American Osteopathic Board of Obstetrics and Gynecology, or who possesses subspecialty qualifications acceptable to the Review Committee. (Core)</p> <p>2.10.c. In addition to the program director, there must be at least one core faculty member who is qualified and available to serve a research mentor to the fellows. (Core)</p>
Ophthalmology	<p>2.7.a. Residents must have ready access to faculty members with expertise across a broad range of ophthalmic disciplines, including contact lens, cornea, glaucoma, neuro-ophthalmology, ophthalmic pathology, ophthalmic plastic and reconstructive surgery, pediatric ophthalmology and strabismus,</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	refractive surgery, retina, and visual rehabilitation. ^(Core) 2.11.b. In addition to the program director, there must be at least two other core faculty members. ^(Core)
Ophthalmic Plastic and Reconstructive Surgery	2.9.c. There should be designated faculty members from the specialties of otolaryngology, procedural dermatology, craniofacial surgery, plastic surgery, neuroradiology, ocular pathology, and neurology to supervise rotations in these specialties. ^(Detail) 2.10.b. In addition to the program director, there must be at least one ophthalmic plastic and reconstructive surgery fellowship-educated-core faculty member. ^(Core)
Orthopaedic Surgery	2.7.a. There must be a minimum of three faculty members, including the program director, each of whom devotes at least 20 hours per week to the program. These faculty members must have current ABOS or AOBOS certification in the specialty. ^(Core) 2.7.b. There must be at least one FTE physician faculty member (FTE equals 45 hours per week devoted to the program), who has current ABOS or AOBOS certification in the specialty, for every four residents in the program. ^(Core) 2.11.b. There must be at least one certified orthopaedic surgeon core faculty member located at the primary clinical site for every four active residents in the program. ^(Core) 2.11.c. An associate program director, if present, must have current certification in the specialty by the ABOS or the AOBOS, or be on a path to certification. ^(Core)
Adult Reconstructive Orthopaedic Surgery	2.10.b. There must be at least two core physician faculty members who are orthopaedic surgeons with experience in adult reconstruction, including the program director, who have ABOS or AOBOS certification in orthopaedic surgery, have completed a fellowship in adult reconstructive orthopaedic surgery, and are actively involved in the education and supervision of fellows during the 12 months of accredited education. ^(Core)
Foot and Ankle Orthopaedic Surgery	2.10.b. There must be at least two core physician faculty members who are orthopaedic surgeons with experience in foot and ankle orthopaedics, including the program director, who have ABOS or AOBOS certification in orthopaedic surgery, have completed a fellowship in foot and ankle orthopaedic surgery, and are actively involved in the education and supervision of fellows during the 12 months of accredited education. ^(Core)
Musculoskeletal Oncology	2.10.b. There must be at least two core physician faculty members who are orthopaedic surgeons with experience in musculoskeletal oncology, including the program director, who have ABOS or AOBOS certification in orthopaedic surgery, have completed a fellowship in musculoskeletal oncology, and are

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	actively involved in the education and supervision of fellows during the 12 months of accredited education. ^(Core)
Orthopaedic Sports Medicine	2.10.b. There must be at least two core physician faculty members who are orthopaedic surgeons with experience in orthopaedic sports medicine, including the program director, who have completed an ACGME-accredited fellowship in orthopaedic sports medicine and have ABOS or AOBOS certification in orthopaedic sports medicine, and are actively involved in the education and supervision of fellows during the 12 months of accredited education. ^(Core)
Orthopaedic Trauma	2.10.b. There must be at least two core physician faculty members who are orthopaedic surgeons with experience in orthopaedic trauma, including the program director, who have ABOS or AOBOS certification in orthopaedic surgery, have completed a fellowship in orthopaedic trauma and are actively involved in the education and supervision of fellows during the 12 months of accredited education. ^(Core)
Pediatric Orthopaedic Surgery	2.10.b. There must be at least two core physician faculty members who are orthopaedic surgeons with experience in pediatric orthopaedic surgery, including the program director, who have ABOS or AOBOS certification in orthopaedic surgery, have completed a fellowship in pediatric orthopaedic surgery, and are actively involved in the education and supervision of fellows during the 12 months of accredited education. ^(Core)
Orthopaedic Surgery of the Spine	2.10.b. There must be at least two core physician faculty members who are orthopaedic surgeons with experience in spine surgery, including the program director, who have ABOS or AOBOS certification in orthopaedic surgery, have completed a fellowship in orthopaedic spine surgery and are actively involved in the education and supervision of fellows during the 12 months of accredited education. ^(Core)
Osteopathic Neuromusculoskeletal Medicine	2.11.b. There must be a minimum of one AOBNMM-certified, AOBSPOMM-certified, or AOBNMM board-eligible core faculty member in addition to the program director. ^(Core) 2.11.b.1. Program directors of accredited osteopathic neuromusculoskeletal medicine programs must not serve as a core faculty member for another accredited osteopathic neuromusculoskeletal medicine program. ^(Core)
Otolaryngology – Head and Neck Surgery	2.7.a. In addition to the program director, there should be at least two other FTE faculty members with qualifications to include: ^(Detail) 2.7.a.1. specialty expertise and documented educational and administrative experience

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>acceptable to the Review Committee; and, ^(Detail)</p> <p>2.7.a.2. appropriate medical staff appointment. ^(Detail)</p> <p>2.11.b. There must be at least five core faculty members who are ABOHNS or AOBOOHNS certified in otolaryngology – head and neck surgery. ^(Core)</p>
Neurotology	<p>2.10.b. There must be at least one core physician faculty member, in addition to the program director, with ABOHNS certification in neurotology and who has completed a neurotology fellowship program. ^(Core)</p>
Pediatric Otolaryngology	<p>2.6.a. To enhance fellows’ educational experience, there must be participation from appropriately-qualified faculty members from other related pediatric disciplines, including: ^(Core)</p> <p>2.6.a.1. anesthesiology; ^(Core)</p> <p>2.6.a.2. audiology and speech pathology; ^(Core)</p> <p>2.6.a.3. child and adolescent psychiatry; ^(Core)</p> <p>2.6.a.4. gastroenterology; ^(Core)</p> <p>2.6.a.5. medical genetics; ^(Core)</p> <p>2.6.a.6. neonatology; ^(Core)</p> <p>2.6.a.7. neurology; ^(Core)</p> <p>2.6.a.8. pathology; ^(Core)</p> <p>2.6.a.9. plastic surgery; ^(Core)</p> <p>2.6.a.10. prenatal and fetal medicine; ^(Core)</p> <p>2.6.a.11. pulmonology; ^(Core)</p> <p>2.6.a.12. radiology; and, ^(Core)</p> <p>2.6.a.13. sleep medicine. ^(Core)</p> <p>2.10.b. There must be at least three core faculty members who are ABOHNS or AOBOOHNS certified in otolaryngology – head and neck surgery and who have completed a pediatric otolaryngology fellowship program. ^(Core)</p>
Pathology	<p>2.7.a. There must be a faculty member designated as Autopsy Service Director to manage the</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>autopsy service within the institution. The Autopsy Service Director provides and oversees resident training in the performance of an autopsy, including gathering of information prior to an autopsy, examination and evisceration of the body, interpretation of findings, composition of a report, and communication of findings to treating physicians and at conferences. In partnership with the program director, the Autopsy Service Director is responsible for assessing and ensuring the competency of residents in the performance of autopsies. (Core)</p> <p>2.11.b. There must be at least five core faculty members, one of whom must be the program director. (Core)</p>
Blood Banking/Transfusion Medicine	<p>2.6.a. In addition to the program director, the faculty must include at least one core faculty member with demonstrated expertise in blood banking/transfusion medicine with either blood banking/transfusion medicine certification by the ABPath or qualifications acceptable to the Review Committee. (Core)</p> <p>2.10.b. There must be at least two core faculty members, one of whom must be the program director. (Core)</p> <p>2.10.b.1. At least one core faculty member must be certified in blood banking/transfusion medicine by the ABPath. (Core)</p>
Chemical Pathology	<p>2.6.a. In addition to the program director, the faculty must include at least one core faculty members with demonstrated expertise in chemical pathology with either chemical pathology certification by the ABPath or possess qualifications acceptable to the Review Committee. (Core)</p> <p>2.10.b. There must be at least two core faculty members, one of whom must be the program director. (Core)</p> <p>2.10.b.1. At least one core faculty member must be certified in blood banking/transfusion medicine by the ABPath. (Core)</p>
Cytopathology	<p>2.6.a. In addition to the program director, the faculty must include at least one core faculty member with demonstrated expertise in cytopathology with either cytopathology certification by the ABPath or possess qualifications acceptable to the Review Committee. (Core)</p> <p>2.9.b. Core physician faculty members who are not currently certified in cytopathology must have either completed a cytopathology fellowship or have three years of practice experience in the</p>

Spinal Cord Injury Medicine	<p>2.10.b. To ensure the quality of the educational and scholarly activity of the program, and to provide adequate supervision of fellows, there must be at least two core faculty members, including the program director, who are certified in spinal cord injury medicine by the ABPMR, or have qualifications acceptable to the Review Committee. (Core)</p>
Plastic Surgery	<p>2.11.b. For Independent Programs, in addition to the program director, there must be a minimum of one plastic surgeon certified by the American Board of Plastic Surgery or American Osteopathic Board of Surgery - Plastic and Reconstructive Surgery designated as core faculty members. (Core)</p> <p>2.11.c. For Integrated Programs, in addition to the program director, there must be a minimum of two plastic surgeons certified by the American Board of Plastic Surgery or American Osteopathic Board of Surgery – Plastic and Reconstructive Surgery designated as core faculty members. (Core)</p>
Craniofacial Surgery	<p>2.10.b. The core faculty-to-fellow ratio must be 1:1. (Core)</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
Aerospace Medicine Occupational and Environmental Medicine Public Health and General Preventive Medicine	2.11.b. Not including the program director, programs with up to eight residents must have a minimum of two core faculty members, and programs with more than eight residents must have a core faculty member-to-resident ratio of at least one-to-four. ^(Core)
Psychiatry	2.11.a.1. There must be at least five core faculty members within the program. ^(Core)
Addiction Psychiatry	2.10.b. In addition to the program director, there must be at least one core faculty member certified in the subspecialty by the ABPN. ^(Core)
Child and Adolescent Psychiatry	2.10.b. In addition to the program director, there must be two core faculty members with current ABPN and/or AOBNP certification in child and adolescent psychiatry. ^(Core) <div style="border: 1px solid black; padding: 5px;"> Subspecialty-Specific Background and Intent: Sufficient supervision by child and adolescent psychiatrists will enable each fellow to establish working relationships that foster identification in the role of a child and adolescent psychiatrist. </div>
Consultation-Liaison Psychiatry	2.10.b. In addition to the program director, there must be at least one core faculty member certified by the ABPN in the subspecialty. ^(Core)
Forensic Psychiatry	2.6.a. In addition to the faculty psychiatrists, the faculty must include a lawyer and a forensic psychologist. ^(Core) 2.10.b. The core faculty must include at least one ABPN- or American Osteopathic Board of Neurology and Psychiatry (AOBNP)-certified child and adolescent psychiatrist. ^(Core) 2.10.c. In addition to the program director, there must be at least one core faculty member certified by the ABPN in the subspecialty. ^(Core)
Geriatric Psychiatry	2.10.b. In addition to the program director, there must be at least one core faculty member certified by the ABPN or AOBNP in the subspecialty. ^(Core)
Radiation Oncology	2.7.a. In addition to the program director, the faculty must include a minimum of four FTE radiation oncologists, located at the primary clinical site, who devote the majority of their professional time to the

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	<p>education of residents. (Core)</p> <p>2.7.b. The primary clinical site must have a cancer or radiation biologist who is either a member of the department or a member of the cancer center of the Sponsoring Institution, and whose job description includes responsibility for resident education in radiation oncology. (Core)</p> <p>2.7.b.1. This must be a faculty member who is responsible for oversight and organization of an on-site didactic educational program core curriculum. (Core)</p> <p>2.7.b.2. This individual must be based at the primary clinical site or at a participating site. (Core)</p> <p>2.7.c. To provide a scholarly environment of research and to participate in the teaching of radiation physics, the faculty must include at least one full-time medical physicist (PhD level or equivalent). (Core)</p> <p>2.7.c.1. This individual must be based at the primary clinical site or at a participating site. (Core)</p> <p>2.11.b. The core clinical faculty must include a minimum of four clinical physician faculty members, defined as physicians who practice clinically and who lead or co-lead clinical rotations for residents. (Core)</p> <p>2.11.b.1. Programs, regardless of size, must maintain a ratio of at least 1.5 clinical physician faculty members to each resident. (Core)</p>
Surgery	<p>2.11.b. For each chief resident position there must be at least one core faculty member with ABS and/or AOBS board eligibility or certification in surgery in addition to the program director. (Core)</p>
Complex General Surgical Oncology	<p>2.6.a. In addition to the program director, the faculty must include at least one full-time physician faculty member for each approved fellowship position whose major function is to support the fellowship program; and, (Core)</p> <p>2.6.b. In addition to the program director, the faculty must include at least one faculty member who is ABMS-certified, AOA-certified, or who possesses qualifications acceptable to the Review Committee in each of the following areas: breast oncology, hepatobiliary/pancreatic, non-hepatobiliary – GI, endocrine, melanoma/soft tissue, medical oncology, interventional radiology; and radiation oncology; or possess qualifications acceptable to the Review Committee. (Core)</p> <p>2.10.b. There must be at least one core faculty member in each of the defined areas for surgery,</p>

Specialty/Subspecialty Name	Specialty-Specific Requirements Referencing “Number of Faculty”
	medical oncology, and radiation oncology, as outlined in 2.6.b. (Core)
Pediatric Surgery	<p>2.6.a. In addition to the program director, there must be, for each approved fellowship position, at least one full-time faculty member whose major function is to support the program. (Core)</p> <p>2.6.a.1. The term of appointment for such faculty members must be of a sufficient length to ensure continuity in the supervision and education of the fellows. (Core)</p> <p>2.6.b. To contribute to fellow education in the care of critically-ill children, the faculty must include at least one individual who is board certified or board eligible in neonatal-perinatal medicine; and either: (Core)</p> <ul style="list-style-type: none"> • one individual who is board certified or board eligible in pediatric critical care; or, (Core) • one individual who is board certified or board eligible in pediatric surgery and board certified or board eligible in critical care. (Core) <p>2.10.c. In addition to the program director, there must be one more core faculty member(s) than enrolled fellow(s) in the program. (Core)</p>
Surgical Critical Care	<p>2.6.a. In addition to the program director, at least one surgeon certified in surgical critical care must be appointed to the faculty for every critical care fellow enrolled in the program. (Core)</p> <p>2.10.b. In addition to the program director, there must be at least one core faculty member certified in surgical critical care by the American Board of Surgery or the American Osteopathic Board of Surgery for each critical care fellow enrolled in the program. (Core)</p>
Vascular Surgery - Integrated	<p>2.7.a. The members of the physician faculty must reflect sufficient interest and capability to represent the many facets of vascular surgery. (Detail)</p> <p>2.11.b. In addition to the program director, there must be a minimum of four board-certified vascular surgeons and one board-certified general surgeon designated as core faculty members. (Core)</p> <p>2.11.c. For programs with 10 or more approved residency positions, there must be, in addition to the program director, a minimum of one core faculty member for each approved position. (Core)</p> <p>2.11.c.1. The majority of those core faculty members must be board-certified vascular surgeons. (Core)</p> <p>2.11.c.2. There must be a minimum of one board-certified general surgeon designated as a core faculty member. (Core)</p>
