Process to Request Approval for the ONMM1 Year
Review Committee for Osteopathic Neuromusculoskeletal Medicine

Osteopathic neuromusculoskeletal medicine (ONMM) programs with Continued Accreditation that seek to educate residents in the ONMM1 year of the program must submit a permanent complement change request through the Accreditation Data System (ADS) for the number of positions they wish to add. After submitting the request through ADS, the program will need to submit the completed ONMM1 application form, available on the Documents and Resources page of the Osteopathic Neuromusculoskeletal Medicine section of the ACGME website. These documents must be emailed to Executive Director Ms. Tiffany Moss (tmoss@acgme.org) with a cover letter signed by the program director and designated institutional official (DIO).

Instructions for Requesting a Complement Change
Programs seeking to make a complement change should do so through ADS. The program director must log into ADS and select “Requests” from the left-hand navigational menu and then click “Complement Change” in the Requests drop-down menu. Click the “Start” button in the Permanent section to initiate a request. Programs must request a permanent complement change in order educate residents in the ONMM1 year.
