

## ACGME Review Committee Faculty Scholarly Activity Decisions

The ACGME Common Program Requirements (Residency and Fellowship versions), effective July 1, 2019, include two choices for dissemination of faculty scholarly activity (see 4.14.a.). The table below reflects the faculty scholarly activity decisions for each Review Committee.

4.14.a. The program must demonstrate dissemination of scholarly activity within and external to the program by the following methods:

**Option 1:** faculty participation in grand rounds, posters, workshops, quality improvement presentations, podium presentations, grant leadership, non-peer-reviewed print/electronic resources, articles or publications, book chapters, textbooks, webinars, service on professional committees, or serving as a journal reviewer, journal editorial board member, or editor. (Outcome)

**Option 2:** peer-reviewed publication. (Outcome)
