Re: Next Resident Member of the Review Committee for Emergency
Medicine

The Review Committee for Emergency Medicine is requesting nominations for its next resident member for a two-year term to begin on July 1, 2027.

Qualifications of the Resident Member

The resident member must have at least one year of emergency medicine residency education remaining *after* July 1, 2027.

Resident members may not serve on two Review Committees simultaneously and must not be from the same state or institution as another member of the Review Committee.

Current Review Committee member institutions and states:

- University of Florida (Jacksonville), Florida
- Emory University, Georgia
- University of Illinois Cancer Center, Illinois
- University of Michigan, Michigan
- University of Nebraska, Nebraska
- Rutgers Health/New Jersey Medical School, New Jersey
- NY Presbyterian Hospital - Columbia University, New York
- University of Cincinnati, Ohio
- Albert Einstein Medical Center, Pennsylvania
- Virginia Commonwealth University, Virginia

Responsibilities of the Resident Member

The resident member of the Review Committee participates as a full voting member in all Review Committee activities, including program review and policy discussion. The resident member is subject to compliance with the same confidentiality, conflict of interest, duality of interest, and fiduciary responsibility policies as the other members. Resident members must have sufficient time to prepare program review information, participate in subcommittee work (as assigned), review agenda items and related documents prior to meetings, travel to/attend each Review Committee meeting, and participate in other activities of the Review Committee.

The resident member is also a member of the ACGME Council of Review Committee Residents (CRCR). The CRCR is composed of resident members of each Review Committee and is an important part of the ACGME as it serves to provide valuable input and feedback to the ACGME Board of Directors about matters related to residents, graduate medical education, and accreditation from the resident perspective. The CRCR meets twice a year; dates are listed at the end of this notice.

Note: It is the responsibility of the program director of the resident member's residency or fellowship to ensure that the resident member will have the necessary time to review programs, attend Review Committee and CRCR meetings, and participate in activities of the Review Committee for Emergency Medicine and the ACGME as is required for Review Committee members.

Selection of Next Resident Member

The Review Committee will consider nominations this fall and will forward its selection to the ACGME Board of Directors for approval at its February 2027 meeting. The new resident member's term will begin July 1, 2027, and end June 30, 2029.

Submitting a Nomination

Each submitted nomination must include:

1. Two letters of recommendation
 - a. Letter of support from the nominee's program director. This letter *must* include an attestation that the program director will ensure that the resident will have sufficient time to participate in activities of the Review Committee and the ACGME as required.
 - b. Letter of endorsement from a professional medical society of membership or other person/group (e.g., department chair, dean, local Graduate Medical Education Committee, institutional/local committees).
2. Resident curriculum vitae
3. Completed nomination form

Submit all nomination materials by **November 2, 2026**, to Senior Accreditation Administrator Bianca Andino at bandino@acgme.org.

All program directors who submit nominations will be notified of the selection by email after confirmation by the ACGME Board of Directors in February 2027.

Additional Information

All new Committee members are required to participate in a new member orientation. Dates and times will be arranged by the Review Committee staff. The Review Committee and CRCR meetings range from one to two-and-a-half days. Members are expected to attend all meetings.

The Review Committee for Emergency Medicine meets three times per year, usually in January/February, April/May, and virtually in August/September. At times, the Committee may meet between meetings via Zoom to discuss emerging topics and other discussion items as needed. All travel and meeting-related expenses are covered by the ACGME.

Contact Bianca Andino at bandino@acgme.org or 312.755.5041 with any specific questions.
