

Searching for programs in Aerospace Medicine, Occupational Medicine and Public Health/General Preventive Medicine Review Committee for Preventive Medicine

Residency programs in aerospace medicine, occupational medicine, and public health/general preventive medicine are reviewed for accreditation by the Review Committee for Preventive Medicine.

The ACGME's Accreditation Data System (ADS) contains information on these accredited programs, including each program's location, accreditation status and history, name of the program director, number of accredited residency positions, a list of all participating sites, and contact information for program staff members.

There are several ways to search for programs in a specific preventive medicine specialty.

Step 1. From the ACGME home page click "Search Programs and Institutions."

Step 2. From the public search site (ADS public), select “Program Search.”

The screenshot shows the ACGME Public Search interface. At the top left is the ACGME logo. The main header reads "Accreditation Council for Graduate Medical Education (ACGME) - Public". Below this are two search options: "Q Program Search" and "Q Sponsor Search". A red arrow points to the "Program Search" option. Below the search options are two columns of report lists. The left column, titled "Report Lists", includes: "List of Programs by Specialty", "List of Sponsoring Institutions", "List of Programs by Sponsor", and "List of Programs that Applied for Accreditation Under the Single Accreditation System by Specialty". The right column, titled "Report Totals", includes: "Number of Accredited Programs by Academic Year", "Number of Pre-Accredited Programs by Academic Year", "Accreditation Decisions", and "Number of New Program Directors". On the right side of the page, there is a sidebar with a "Graduate Medical Education Data Book" link and a "Historical Data" link.

Step 3. Access specific states using the “Search by State” drop-down menu. To view a list of all programs, select “Preventive Medicine” from the “Search by Specialty” drop-down menu and then select the specific preventive medicine specialty from the “Show All” drop-down menu.

The screenshot shows the "Advanced Program Search" interface. At the top left is the ACGME logo and a "Back To Public" link. The main header reads "Accreditation Council for Graduate Medical Education (ACGME) - Public". Below this is the "Advanced Program Search" section. It features a "Search by Code" field with a "Search" button. Below that is an "or" separator. The "Search by State" dropdown menu is open, showing a list of states. The "Search by Specialty" dropdown menu is set to "Preventive medicine". Below that is a "Search By City" field with a "Search" button. The "Show All" dropdown menu is open, showing a list of specialties: "Show All", "Aerospace Medicine", "Occupational Medicine", and "Public Health and General Preventive Medicine". A red arrow points to the "Aerospace Medicine" option. Below the search fields is a table with columns for "Name", "PD Last Name", and "City".

Step 4. Choose the specialty and then click “Search” to view the listing of programs. Access information on an individual program by hovering the mouse to the right of the city and clicking “View Program.”
