Requirement #: **VI.A.2.c).(1).(b).(i)**

Requirement Revision (significant change only):

The use of telecommunication technology for direct supervision must be limited to non-procedural patient evaluations and examinations, in either the ambulatory or acute care setting.  
(Core)

1. Describe the Review Committee's rationale for this revision:  
**The proposed revision specifies when telecommunication technology can be used for direct supervision of residents.**
2. How will the proposed requirement or revision improve resident/fellow education, patient safety, and/or patient care quality?  
**The proposed revision will ensure the use of telecommunication for direct supervision does not compromise patient safety.**
3. How will the proposed requirement or revision impact continuity of patient care?  
**No impact is anticipated.**
4. Will the proposed requirement or revision necessitate additional institutional resources (e.g., facilities, organization of other services, addition of faculty members, financial support; volume and variety of patients), if so, how?  
**It is not anticipated additional resources will be necessary.**
5. How will the proposed revision impact other accredited programs?  
**N/A**
